

1 DAY PRACTICAL WORKSHOP

Micro frontend Architecture driving user experience

If you're a tech enthusiast eager to tackle front-end development challenges, elevate digital interactions, our Micro Front-end Workshop is designed just for you.

- Large-scale applications grapple with complexity, hindering development speed, maintenance and scaling. With Micro Frontend Architecture (MFA), components are modularized, enhancing maintainability and reducing overhead.
- For organizations with cross-functional teams, responsible for different application modules, MFA allows frontend teams to work independently and flexible.

Explore industry-tested development methodologies in an immersive session with practical micro front-end case studies and hands-on tasks. Seize the opportunity to learn insights from industry experts!

Mar, 16th 2024 Saturday

Indiqube EGL, Bangalore

10:00 am to 05:00 pm

Workshop Facilitators

Shameer M

UI Lead

Neointeraction Design

Coming up with solutions on a technical and design level makes Shameer the heart and soul of the development cycle in every project.

Midhun M

Senior UI Developer

Neointeraction Design

With a broad area of software expertise, and technical abilities he help us to solve problems in a very efficient and effective way.

Eldhos Aji

UI Developer

Neointeraction Design

A knowledgeable developer who possesses a passion for learning new ways to solve complicated projects and achieve impressive results on the go.

Who should attend ?

Technical
Leads

Senior UI
Developers

Front end
Developers

Product
Managers

Event Takeaways

- How to implement MFA in large-scale applications for streamlined development?
- Understand the transformative impact of MFA on user experience in web apps.
- Discover the efficiency of MFA for project development and maintenance.
- Learn the roadmap for migrating existing application to a unified design system.
- Explore seamless data sharing among Micro Frontend components.

Program Schedule

10:00 – 10:15 Workshop Introduction

10:15 – 10:30 Basics Overview

10:30 – 11:00 Real life - Case Study - 1

11:00 – 11:15 High Tea

11:15 – 11:45 Real life - Case Study - 2

11:45 – 01:30 Introduction to MFA,
Explanation of Application Types
Development Environment Setup

01:30 – 02:15 Lunch Break

02:15 – 03:15 Hands-On Activity

03:15 – 03:30 High Tea

03:30 – 04:30 Bug Fixes and Implementation

04:30 – 05:00 Q&A Session
Feedback Sharing and
Conclusion

Entry Fee

Rs.6500 (per person)

Note:

1. Early Bird discount 10% till February 29th, 2024.
2. Group discount 15% for 3 or more attendees.
3. Last date to register March 15th, 2024.
4. 18% GST inclusive.

Terms & Conditions

Participation in event implies agreement to event rules and assumes personal responsibility for any associated risks. Cancellations received up to two weeks before the event will be accommodated for future events.
